

GVESC Business Advisory Council Joint StatementGVESC Business Advisory Council Joint Statement

The GVESC Business Advisory Council plays a vital role in guiding local school districts by addressing changes and trends in the economy and job market. The council emphasizes the importance of advocating for essential employment skills aligned with the needs of business and industry. Meeting quarterly, the council convened in October 2024 and January 2025, with additional meetings planned for April 2025 and August 2025. These sessions serve as a platform for fostering partnerships between business and education leaders, enabling collaborative efforts to prepare students for the demands of a dynamic workforce. The GVESC administrative team regularly collaborates with school district leaders, sharing insights and strategies gained from the council's discussions to ensure the alignment of educational initiatives with workforce needs.
