

# C.H.O.I.C.E.S. / S.T.E.P.S.

South Gallia High School

Site Coordinator: Carey Roberts / Karen Waugh

April 2023

The 2nd round of Driver's Education classes are being offered in the Afterschool program for the 2nd semester through Aceable Driving School and AAA.. Students that are ages of 15 1/2 years or older in the afterschool program may take Driver's Educations free of charge. Students are given an Aceal ldriving school link to complete the required book work for driver's education which will take 12 days. If students attend the afterschool program for 30 days, the driving portion of Driver's Education will be through AAA and paid for through the STEPS After-school program which is a huge savings for the parents.

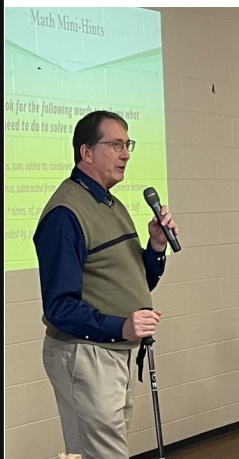

## Quilling

Students are learning a new paper art craft called Quilling. The origin of quilling started after paper was invented in China. But as an art form it can be traced to Renaissance Europe. Nuns and Monks used quilling to decorate book covers and religious items. Quilling involves using strips of paper that are rolled, looped, twisted, curled, and manipulated to create different shapes, and glued together to create decorative designs. Quilling designs can be used to decorate greeting cards, pictures, boxes, eggs, and to make models, jewelry, mobiles, etc.

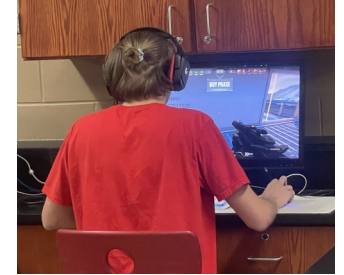

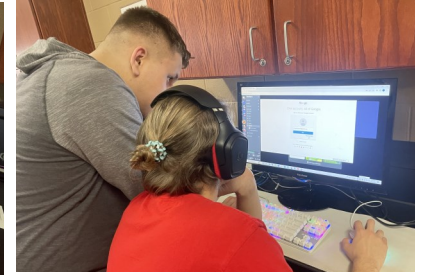

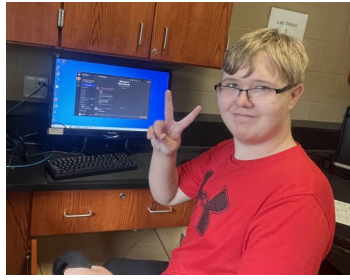

## ACT Boot Camp Learn to Score Higher

South Gallia High juniors and seniors attended ACT Boot Camp provided by the Gallia-Vinton ESC that will raise their ACT score, obtain more scholarship money, and improve admission to colleges. The six hour long seminar was held on the campus of University of Rio Grande in Heritage Room. Presenter, Jim Kebe, talked about the structure, academic content covered on the ACT, and testing and time management strategies students can employ to maximize their performance on the test. Students learn strategies to answer more questions correctly, how to decipher questions and specific academic content that is regularly tested on the ACT. By attending this seminar students received a comprehensive, 400-page reference workbook, access to additional practice test questions online, and free, live, phone-in, pre-test tutoring. Students was provide a meal in the student campus cafeteria.

## Esports

A fairly new activity in the program is Esports. Esports have become very popular not only among the young at heart but universities are creating teams, offering scholarships, and becoming very competitive in this area. This is a team sport that requires cooperation, working with others, uses problem solving and strategy skill development. The students have recently participated in a tournament. Having fun while learning.

## Ohio University Men's Basketball Game

On February 4, 2023, Afterschool students were able to travel to the campus of Ohio University to see the campus and to watch the college men's basketball game Miami vs OU. On the way, students stopped at Pizza Hut in Gallipolis to have lunch. The students experienced the elaborate pregame and half time practices of the National Anthem sang by a student, unfolding of the nation's flag by the ROTC, and the energy and excitement of the crowd. Students watched the band section entertain the crowd with their music and enthusiasm as they performed. The students could see the size of the campus and buildings such as the Convo Arena, dormitories, and classroom buildings. The children had a great day.
